

What joy to see the container arrive at the YFC Kenya office! I mentioned in my previous update the challenges they were having with customs. The Lord gave them great favour as we prayed and final decisions were made with the valuation, and it was released two weeks ago with shouts of praise! The YFC staff and volunteer team spent two long days unloading and organizing, and then the National Director Shem blessed them each with a few items because of their great sacrifice to be involved in the ministry. Here are some words of thanks from some of his team:

"I personally was praying for a bike that I could use to come to the office since transport fare had become too expensive. Little did I know I would be blessed with a bike! Thank you!!"

"My sister got pregnant and the father ran off. It became difficult for her to

buy baby clothes. The baby grew but we couldn't add more so we had to cut and adjust the smaller clothes to fit. She was extremely happy to get baby clothes. Finally the baby had enough clothes to change daily. Thank you for being a blessing to my sister!"

"I once saw a pair of shoes on social media that I desired to have. \$25 was too expensive for me but I kept hope alive. Upon receiving the donation nothing could hide my joy to find the exact shoe. It was an answered prayer for me, thank you!"

Thank you for your prayers and financial partnership that made this possible!

Their team also travelled this past week to partner with YFC Tanzania in some outreach. They visited an orphanage centre a few days ago and were able to share gifts from the container with the young people they met.

I will look forward to sharing more with you once they return home and begin their distribution to their different ministries - a Safe House for teen pregnant moms, a Rehabilitation Centre for young moms to learn skills, a drop in centre, their work in the

slums and their new camping ministry. Thank you for being a part of this work that is seeing many young people helped and given true hope!

Dave
