YFC Youth Unlimited™
SOUTH ISLAND

Malawi is rated the sixth poorest country in the world with roughly 70% of its people living below the international poverty line, living on less than $2.15 to $3.00 per day. About 80% of the population relies on subsistence farming (primarily maize and tobacco), which is frequently battered by droughts, floods, climate change, and soil degradation. The opportunities for young people to find a way forward are severely limited, leaving many without hope.

With that on our hearts it was a great privilege to pack a container of supplies for YFC Malawi, who are reaching out and coming alongside young people to offer them hope for their future. The main thrust behind what we sent was the skill development items for them to start offering training in sewing, hairdressing, drafting, carpentry, welding, mechanics and agriculture. We all know the phrase “Give a man a fish, and you feed him for a day. Teach a man to fish, and you feed him for a lifetime.” Our hope is that through what we sent, YFC will be able to do such as this, empowering the next generation for their future. Part of the container also went to Fountain Gate Ministries, who are feeding many malnourished children, offering programs for the kids, and sharing the gospel of hope. Please pray for it as it makes its long journey to the port in Mozambique, and then gets trucked to its final destination in Malawi.

A huge thank you to those who were able to support this project financially! With your help the Lord provided everything needed, and we are glad to know that it is on the way and will make a huge impact when it arrives. Even something as simple as a t-shirt or pair of shoes is like Christmas to them, and we can hardly wait to see the smiles it brings when the doors open. May the Lord bless you for your generosity, and may He use it to bring hope and healing to many who need it.
